Welcome to the **2020 Winter Season** at International Chess Academy (ICA) Kids Online

Welcome to International Chess Academy (ICA) Kids Online!

For over 20 years International Chess Academy (ICA) has been offering chess lessons to students of all levels as well as chess tournaments, scholastic camps, and math enrichment programs from our New Jersey campuses in Glen Rock and Teaneck.

Since the start of the COVID-19, ICA has made the transition to virtual education, and now offers the entire curriculum to students online.

Our mission is to foster a safe and nurturing environment as well provide a vibrant community for children to learn chess, train for competition, develop self-confidence, master decision-making skills and practice good sportsmanship, all while having fun.

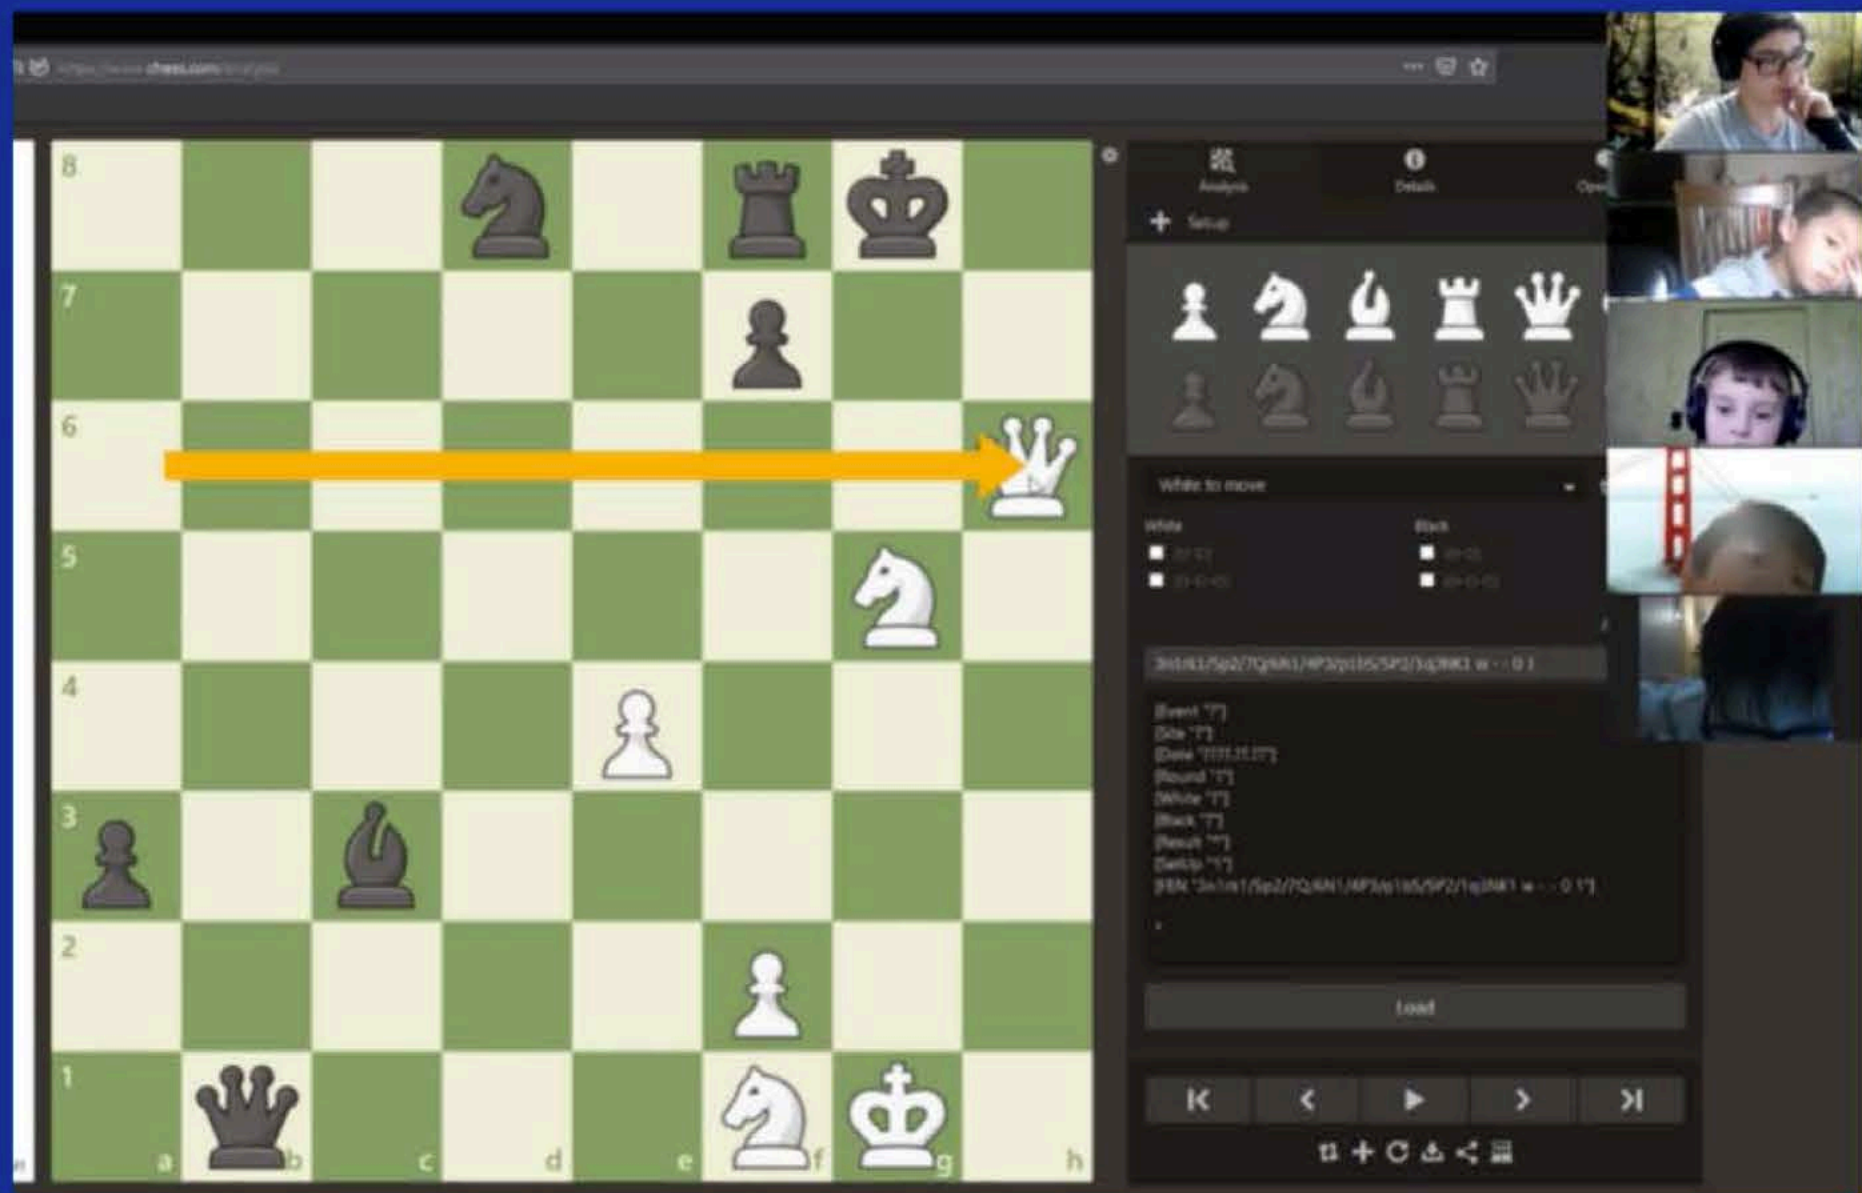

If you are interested in an after-school or weekend class, register @

icakidsonline.com, Call 201797-0330, or Email us @chessdirector@icanj.net

IQ puzzles (1) IQ puzzles (2) IQ puzzles (3) IQ puzzles (4) Word Problems

Answer to #18
What is the missing letter?
The answer is B. B stands for 2 and B plus 8 makes 10 in this letter and number puzzle.

8 7 C
10
5 3 E G

If you like to use a Powerpoint presentation of this IQ puzzle, you can [click here](#) for the Powerpoint version with 20 IQ puzzles of the same level. We have made Powerpoint files of all our brain teasers.

CHALLENGE QUESTIONS

- Solve the following problems on another sheet of paper.
- The train below shows the amount of money taken from Monday to Wednesday.
- Complete the number pattern.
- Are any 4 numbers exchanged. Assuming that each person shook hands with another person once, how many people were at the party?
- Form 2-digit numbers with 9 as digits 1, 2, and 3. The digit in each number cannot be repeated. List all the 2-digit numbers that can be divided by 6.
- Number X is a 4-digit even number. All 4 digits are different. The last digit is 1, the first digit is 8, and the middle digit is 3. The sum of the first 2 digits is 8 less than the sum of the last 2 digits. The sum of all 4 digits is 24. What is Number X?
- Complete the number pattern.

Participants: Robert, James, Robert, James
